KEY TERMS & DEFINITIONS

Terms	Definition
Allowable Amount(s)	Also known as Maximum Allowable Fees , the allowable amounts are directed by the individual payers (insurance companies) and represent the amount that will be reimbursed by that payer when the practice is a participating provider for the payer.
Coinsurance	Coinsurance is the percentage of costs a member must pay after the deductible is reached. A deductible is the set amount a customer pays for medical services and prescriptions before coinsurance kicks in. Out of pocket expenses are the medical expenses that a customer must pay themselves.
Contractual Write-offs	As a participating provider for a specific payer, the provider agrees to accept the Maximum Allowable Fee as the reimbursement for a specific service or product and agrees that any difference between the Usual and Customary Fee for that service or product and the MAG cannot be collected and will be written off. This write off is known as a contractual write-off.
Copay	<p>Copays are fixed fees that a member pays when receiving covered care. The amounts are dictated as part of the insurance plan design and are typically determined in advance when checking plan eligibility.</p> <ul style="list-style-type: none"> • In Ciao- a copay is considered the patient copay or any out of pocket expenses the patient must pay (i.e.- \$75 for Transitions, \$68 for Antireflective, etc.) • These copays can not be discounted/waived for the patient
Deductible	<p>The Deductible is the amount paid out of pocket by a member before an insurance company will pay any expenses. In general usage, the term deductible may be used to describe one of the several types of clauses that are used by insurance companies as a threshold for policy payments.</p> <ul style="list-style-type: none"> • These copays can not be discounted/waived for the patient
Fee Schedule	The term Fee Schedule is a comprehensive and agreed upon list of fees or charges associated with specific products or services that a business or organization provides/receives.
Usual and Customary Fee (U&C)	The retail cost of a service or product.

MEDICAL PLANS

- All Medical Plans in Ciao! Optical are Bill Actual, meaning you need to **invoice in RevolutionEHR**, account for patient copay payments and then **enter into Ciao! Optical**.
- INSURANCE BALANCE (Ins. Resp.) = PLAN PAYS in Ciao! Optical.
- In RevolutionEHR, **leave the insurance balance**. Claims will be filed from here through Trizetto and adjusted when the EOB is received. Billers will manage this.
- **USE MEDICAL PLANS IN CIAO! OPTICAL INSURANCE SEARCH TO BYPASS CLAIM FORM SCREENS.**

MEDICAL BILLING AND INSURANCE VERIFICATION

1. Prior to patient arrival, confirm patient eligibility, patient copays, and deductibles
2. Collect patient copays/deductibles at time of appointment
3. Apply insurance fee schedule in the EHR
4. Apply patient copay
 - Copay will reduce the ultimate plan pays
 - **IMPORTANT – DO THIS IN THE EHR PRIOR TO EVER ENTERING INTO CIAO! OPTICAL**
5. On the invoice screen (not the printed invoice) – take note of the Ins. Resp amount. This will be Plan Pays.
6. Take payment of copay or patient responsibility In the EHR – the only balance left should be insurance amount owed.
7. In Ciao! Optical –
 - Search for **Medical Plan**
 - Insurance Resp Amount (which you wrote down) = Plan Pays
 - Enter in Copays
 - Finish the formula where $U\&C = \text{Plan Pays} + \text{Discounts}$ (said differently $\text{Plan Discounts} = U\&C - \text{Plan Pays}$)
8. Copays and deductible amounts must be verified prior to patient visit.
 - **All patient OOP fees must be collected at the time of service.**
 - **DO NOT leave any patient balances on the account in the EHR.**
 - Trizetto is a great tool to verify medical benefits.
 - Each employee will have a login for the site

The 'Manage Patients' tab is active, showing sub-tabs: 'Check Patient Eligibility', 'Bill Patients', 'Monitor Patient Exchange', and 'Patient Responsibility Estimation'. The 'Check Patient Eligibility' sub-tab is selected.

The main content area is titled 'Check Patient Eligibility' and includes a sub-header 'Check to see if patients are covered by their insurance company'. It is divided into two main sections: 'Eligibility Payers' on the left and 'Run Individual Eligibility Inquiry' on the right.

Eligibility Payers: A list of insurance carriers is shown, including Blue Cross Blue Shield, Commercial, Aetna, Allegiance Benefit Plan Management, American Postal Workers Union - APWU, Blue Cross Medicare Advantage, Cigna, Golden Rule, Humana, Meritain Health, Mutual of Omaha (Commercial), National Association of Letter Carriers, Oxford Health Plans, Quartz ASO, UHC, UMR-Wausau, and United Healthcare Student Resources. There are also sections for Medicaid, Medicare, and Military.

Run Individual Eligibility Inquiry: This section contains a disclaimer: 'This is an estimate of the benefits provided under this contract. Any payment is subject to coordination of benefits with any other insurance that may cover the services rendered and the coverage being in effect on the date of service. If your plan requires a Primary Care Physician (PCP), your PCP would be responsible for providing or authorizing all care. The above information is usually updated within 24 hours of being processed by Humana. The information may contain inaccuracies or errors.' Below the disclaimer are input fields for 'Date of Service' (07/23/2024), 'NPI' (Select a Provider), 'Search By' (Subscriber), 'Subscriber ID', and 'Subscriber Date of Birth'. A 'Submit Eligibility Inquiry' button is at the bottom left of this section.

Service Type Code: A dropdown menu is open, showing a list of codes: 30 - Health Benefit Plan Coverage, 1 - Medical Care, 2 - Surgical, 3 - Consultation, 4 - Diagnostic X-Ray, 5 - Diagnostic Lab, 6 - Radiation Therapy, 7 - Anesthesia, 8 - Surgical Assistance, and 9 - Other Medical.

Plan Pays = what the insurance pays us

Discounts = use the formula, this is different than plan write-offs sometimes

Copay = what the patient pays (represents copays and out-of-pocket amounts)

If the patient pays 100% for the service – no entry needed. U&C will flow through as patient responsibility.

For exams and materials, if the patient has a true plan copay (typically on exams and materials), you will need to reduce this from PLAN PAYs (the contracted rate). This is only for routine only. Medical invoices come from Eclips and already accounted for the copay adjustment.

Note that in Ciao! Copay means both exam/focal type copay and patient responsibility. The only time you reduce Plan Pays is if there is a service or materials copay (excludes lens enhancements copays, out-of-pocket amounts).

Essential	Premium Progressive	Premium Progressives	Premium Progressive

Note- When selling SV DST lenses, sell Eyezen Start or Eyezen 1-4 when prescribed by O.D.

This will allow your patient to have Crizal EasyPro AR for the same copay as Premium AR (i.e., better lens for minimal cost.)

In Addition, Eyefinity doesn't offer a regular SV DST lens.

AUTO-CALCULATION PLANS

Additional things to note:

Contact lenses:

- If the retail amount is over \$1000, you must use the Generic Plan
- Medically necessary contacts must be billed with Generic Plans

Eyezen:

- The TA, Blue Filter, and Eyezen copay will be on the DST line (Eyezen copays/cost will be \$70 for Choice, \$65 for signature, and DST will be \$60)
- The Material Copay will be on the base line of lens

Varilux X Fit and Comfort Max Fit:

- The Material Copay and Custom Measurement fee for Varilux X Fit and Comfort Max Fit have been added to the Progressive Copay
- For example, this means the Copay will be \$160 instead of \$150

Additional Notes:

- Auto calculations may distribute copays on a different line item that you are used to
- Do not edit an auto-calculation plan- either use a Generic plan or discount in Xstore
- If you chose the correct plan, and do not edit the claim it will not be sent back to you to re-key
- If the patient is over charged, there may be specific instances where the billing team asks the site to process an After The Fact (ATF) discount in Ciao Optical! to refund the patient
- In other circumstances the Assignment team will refund the patient
- At this time, if we under charge a patient we will not collect a balance

FORMULAS & DEFINITIONS

- Retail Price (RP) - Plan Pays (PP) = Discount (D)
- Copay Column = What the patient pays us
 - This is its own column and not part of the above formula
- Plan Pays = What the insurance pays us
 - Service Fee = Plan Pays when it's a covered item
- If there is a dollar amount in the copay column, the formula "RP = PP + D" applies
 - Example: For Crizal Rock (not covered by VSP), the patient is charged \$85 and this is input in the copay column in Ciao. If there is an amount in the copay column, then you need to make sure that there are numbers in the PP & D columns (above formula). The discount would be the retail price of Crizal Rock line, and the plan pays would be \$0 because patient is paying for this add-on.

EXAM

- VSP offers additional reimbursement when you include diagnosis codes or select conditions on your VSP claims for patients with chronic conditions. For each patient, you can earn. Add applicable amount to Plan Pays – diagnosis codes must be on claim in Eyefinity if entered in Ciao! Optical
 - Diabetes - \$5
 - Diabetic Retinopathy - \$5
 - High Cholesterol - \$2
 - Hypertension - \$2
- **EXAM PLAN PAYS = VSP REIMBURSEMENT (from binder) – PATIENT EXAM COPAY + CHRONIC CONDITION**

****PROGRESSIVE LENS DISPENSING:**

For all Plans (Signature, Choice, & Advantage): You will receive your bifocal dispensing fee PLUS the applicable service fees for covered (paid by VSP) and non-covered (paid by patient) progressives. Service fees are subject to change and may be found in the Lens Enhancement Chart.

- If covered, both the dispensing and applicable service fee are paid by VSP (Enter Disp. Fee + Service Fee in Plan Pays Column).
- If progressives are not covered, enter Dispensing Fee in Plan Pays and the applicable patient copay in the Patient Copay column.

PATIENT CHARGES FOR NON-COVERED LENS ENHANCEMENTS:

- **Signature:** Charge patient the listed copay in the VSP Signature Plan Lens Enhancements Chart or your usual and customary fee (RETAIL), whichever is lower.
- **Choice:** Charge patient the listed copay in the VSP Choice Plan Lens Enhancements Chart or 80% of your usual and customary fee (RETAIL), whichever is lower.
- **Advantage:** Charge the patient the lesser of 80% of your usual and customary (U&C) add-on fee or the VSP Advantage Plan Lens Enhancement Chart amount. For lens enhancements not listed, charge 80% of your U&C add-on fee. For non-covered lens enhancements, the charge back amount will be deducted from your VSP payment. You will not be charged for covered lens enhancements.

VSP CONTACT LENS: COMBINED ALLOWANCE FOR MATERIALS & FIT

Patient has allowance towards CL Fit & Materials. Benefits used on different DOS will require a call to VSP.

Benefit Summary	How it works	CL Fit	Materials
If getting both on same date of service	Option 1 (Best Practice): If CLs exceed the allowance amount, use the entire allowance toward materials.	Take 15 % off U&C Remaining balance is Patient Pays/Copay Column in Ciao.	Enter entire allowance amount (i.e., \$200: \$100 per eye/line) in Plan Pays
If getting both on same date of service	Option 2: Allowance can be split between fit and materials. Maximum allowance that can be used toward the fit is \$60, remaining allowance to be used toward materials.	Take 15 % off U&C. Deduct the \$60 max allowance. The balance = Patient Pays/Copay Column in Ciao. (See Logic example below)	Remaining allowance
If just getting fit (materials on different DOS)	Option 1: Patient can decide where the allowance is applied. If they are going to get materials later, it's easier for them to pay Fit less 15% out-of-pocket and apply the whole allowance to materials.	Take 15 % off U&C Remaining balance is Patient Pays.	N/A
If just getting fit (materials on different DOS)	Option 2: They can use allowance toward fit only and use the remaining allowance towards materials when they return.	Take 15 % off U&C. Deduct the \$60 max allowance. The balance = Patient Pays/Copay Column in Ciao. (See Logic example below)	Call VSP for new authorization that reflects the remaining allowance.

VSP CONTACT LENS: COMBINED ALLOWANCE FOR MATERIALS & FIT

Example: If patient is just getting a fit and wants to use insurance allowance (purchasing materials on separate DOS)

Contacts Routine eye exam covered.

Exam And Allowance Take 15% off CL exam services before applying \$200.00 for CL exam services and materials. If patient receives CL exam services only, patient is responsible for CL exam services over \$60.

Contacts are instead of [lens, frame].

Logic behind calculations:

VSP CONTACT LENS: SEPARATE ALLOWANCE FOR MATERIAL & FIT

Patient has Separate benefits for CL Fit and Materials.
Procedure is the same if benefits are used on different DOS.

Benefit Summary	How it Works	CL Fit	Materials
If getting both on same date of service	Patient will have two separate allowances, one for the CL Fit and one for Materials.	Patient Pays the VSP Copay amount (*usually \$60). Plan Pays = U&C less 15% - \$60* (See Logic example below)	Use the full allowance amount. Patient Pays overage above allowance – no additional discounts.
If just getting fit or materials on a different DOS (Call & get new authorization)	Patient will have two separate allowances, one for the CL Fit and one for Materials.	Patient Pays the VSP Copay amount (*usually \$60). Plan Pays = U&C less 15% - \$60* (See Logic example below)	Use the full allowance amount. Patient Pays overage above allowance – no additional discounts.

VSP – FRAMES

In most cases...

- **Plan Pays = Wholesale Frame Allowance (WFA) + Frame Dispensing Fee**
 - If there is a frame copay, reduce Plan Pays by that amount (material copays will go on the focal type line).
- Patient Pays = Frame retail price – allowance less 20% off the overage.

If the Wholesale Frame Cost (WFC) is less than the WFA, then

- **Plan Pays = Wholesale Frame Cost (WFC) + Frame Dispensing Fee**
 - **Wholesale Frame Cost (WFC) = Retail Price x 45%**
 - In this case, patient pays = \$0

Using Examples to the right: If the retail amount of the frame is \$115, the WFC is \$51.75 (\$115 x 45%). The WFC of \$51.75 is *LESS* than the WFA of \$58, therefore the Plan Pays would be \$51.75 + \$34.20 (Signature Frame Dispensing Fee)

Note:

- For patients with fully covered frames (i.e., pediatrics), the patient pays \$0, and we get WFC + Frame Dispensing Fee
- For plans that just have a total allowance (no signature, choice, advantage WFA, etc.). We collect the overage above the allowance amount (that will be in the copay column) + dispensing fee for frames and lenses.

VSP Advantage Plan patients receive a client-defined retail frame allowance (they do not list a WFC).

- Plan pays = 55% of the retail price of the frame (up to 55% of the patient's retail frame allowance)
 - Tip: If the retail frame amount is less than the allowance, you will use 55% of the retail frame that the patient chose.
 - Example 1: The retail frame allowance is \$130, and the chosen frame is \$150 | The patient will pay \$16 (frame retail price – allowance – 20%) | Plan pays = \$71.50 (55% of \$130 allowance)
 - Example 2: The retail frame allowance is \$130, and the chosen frame is \$120 | The patient will pay \$0 | Plan pays = \$66 (55% of \$120)
- No additional frame dispensing fee is paid by VSP

Co-payments Exam	\$10.00	Material	\$10.00	01/01/2023
Frame Allowance Extra \$20 promotion on Altair Eyewear/Marchon frames and any other available frame promotions included below:				
WFA73	\$190.00	for Columbia, Longchamp, McAllister, Nike or Pure brand frames through 01/31/2023. Patient receives 20% savings on frame overage.		
WFA65	\$170.00	for Altair Eyewear/Marchon frames. Patient receives 20% savings on frame overage.		
WFA58	\$150.00	for non-Altair Eyewear/Marchon frames. Patient receives 20% savings on frame overage.		

Wholesale Frame Allowance (WFA) is found under Frame Allowance on all Benefit Sheets.

- For Lenses
 - Plan Pays the focal type line, reduce if materials copay. Materials copay goes in copay column.
 - Lens out of pocket amounts for enhancement also go in copay column and are determined by the following.
 - Use VSP's Lens Enhancement charts to determine the copay amount for enhancements (Patient Pays)
 - Covered Enhancements – you will put the VSP Service Fee amount in the Plan Pays column (accounting for charge backs on front).**
 - Non-Covered Enhancements (covered with an additional copay owed by the patient) – you will put the patient copay in the Copay column. We don't receive any extra money for these. Charge backs not applicable here.**
 - Pay attention to VSP's Lens Enhancement charts – polycarbonate will have a different copay depending on the lens (e.g., \$35 for Progressives| \$31 if Standard SV | \$10 if Digital SV).
- Extra Notes:
 - For VSP Signature plans, when tint, photochromic & polycarbonate for kids is covered – there is \$0 charge to the patient. There is also no chargeback from VSP thus we don't have Plan Pays but we will also not be charged for the product production/manufacturing (it's a wash). We do not collect the service fee in these instances. Discount 100%.
 - On the VSP Choice plan, if the patient has anything that is fully covered, VSP doesn't apply a 'chargeback', but they do pay you for it, meaning they pay the 'Service Fee'. The only exclusion to this is poly for kids or any patient who has a FEDVIP plan. The items that are fully covered can vary but could include the same as the Signature plan, things like photochromic, tints, etc.
 - We don't use Unity lenses

Frames: **\$120.00 frame allowance**

NVA reimburses 45% of retail frame allowance. The member is responsible for any additional charge over the allowance less a 20% discount.

Member chooses **\$150.00 frame:**

NVA reimburses 45% of \$120.00 = **\$54.00**

\$150 - \$120.00 = \$30.00

20% discount of \$30.00 = -\$6.00

Member pays \$24.00

Total Reimbursement: \$182.00 + \$54.00 + \$24.00 = \$260.00

Example Reimbursement for Contact Lenses:

Exam \$50.00

Contact lens allowance- **\$120 retail allowance**

Member chooses \$130 in contact lenses.

75% of \$120.00 = \$90.00

10% discount of \$10.00 = -\$1.00

Member pays \$9.00

NVA reimburses 75% of the retail price up to the group allowance. The member pays any additional charge over the retail allowance less a 10%-15% discount.

Total Reimbursement \$50.00 + \$90.00 + \$9.00 = \$149.00

This is a sample of the NVA provider reimbursement schedule for most NVA plans. NVA does have some older plans and very large clients that may have a different fee schedule. Please consider these as exceptions as they are not standard to the NVA program.

Use the quick Reference chart below to help guide you in which plans to use:

Patient Benefits	Select this plan
Covered in full items other than poly (AR, Progressives, etc.)	Generic plan
Contact lenses over \$1000	Generic plan
Medically necessary contact lenses	Generic plan
Copay is different from the VSP ENH chart	Generic plan
Easy options plan	Generic plan
Patient allowed to choose an upgrade	Generic plan
Plans not programmed	Generic plan
ALL OTHER PLANS	AUTO CALCULATION PLANS

Use this chart to help you identify which lens to select in Ciao!

	VSP	Spectera	Versant
Preferred	Varilux X Fit	Varilux X Fit	Varilux X Fit
Classic	Varilux Comfort Max Fit	Varilux Comfort Max Fit	Varilux Comfort Max Fit
Essential	Premium Progressive	Premium Progressives	Premium Progressive

Note- When selling SV DST lenses, sell Eyezen Start or Eyezen 1-4 when prescribed by OD.

This will allow your patient to have Crizal EasyPro AR for the same copay as Premium AR (i.e., better lens for minimal cost.)

In Addition, Eyefinity doesn't offer a regular SV DST lens.

CIAO! OPTICAL ENTRY

AUTO-CALCULATION PLANS

Additional things to note:

Contact lenses:

- If the retail amount is over \$1000, you must use the Generic Plan
- Medically necessary contacts must be billed with Generic Plans

Eyezen:

- The TA, Blue Filter, and Eyezen copay will be on the DST line (Eyezen copays/cost will be \$70 for Choice, \$65 for signature, and DST will be \$60)
- The Material Copay will be on the base line of lens

Varilux X Fit and Comfort Max Fit:

- The Material Copay and Custom Measurement fee for Varilux X Fit and Comfort Max Fit have been added to the Progressive Copay
- For example, this means the Copay will be \$160 instead of \$150

- Auto calculations may distribute copays on a different line item that you are used to
- Do not edit an auto-calculation plan- either use a Generic plan or discount in Xstore
- If you chose the correct plan, and do not edit the claim it will not be sent back to you to re-key
- If the patient is over charged, there may be specific instances where the billing team asks the site to process an After The Fact (ATF) discount in Ciao Optical! to refund the patient
- In other circumstances the Assignment team will refund the patient
- At this time, if we under charge a patient we will not collect a balance

NVA Sample Standard Fee Schedule

Eye Exams	\$50.00	Progressives (standard)	\$50.00
Single Vision Lens	\$32.00	Transitions (standard)	\$65.00
Bifocal Lens	\$42.00	AR Coating (standard)	\$40.00
Trifocal Lens	\$52.00	Scratch Coating (standard)	\$10.00

Example Reimbursement for eyeglasses with no co pays from member

Eye exam	\$50.00
Bifocal Lenses	\$42.00
AR Coating	\$40.00
Standard Progressive	\$50.00
Sub total:	\$182.00

Frames: **\$120.00 frame allowance**

NVA reimburses 45% of retail frame allowance. The member is responsible for any additional charge over the allowance less a 20% discount.

Member chooses **\$150.00 frame:**

NVA reimburses 45% of \$120.00 = **\$54.00**

\$150 - \$120.00 = \$30.00

20% discount of \$30.00 = -\$6.00

Member pays \$24.00

Total Reimbursement: \$182.00 + \$54.00 + \$24.00 = \$260.00

Example Reimbursement for Contact Lenses:

Exam \$50.00

Contact lens allowance- **\$120 retail allowance**

Member chooses \$130 in contact lenses.

75% of \$120.00 = \$90.00

10% discount of \$10.00 = -\$1.00

Member pays \$9.00

NVA reimburses 75% of the retail price up to the group allowance. The member pays any additional charge over the retail allowance less a 10%-15% discount.

Total Reimbursement \$50.00 + \$90.00 + \$9.00 = \$149.00

This is a sample of the NVA provider reimbursement schedule for most NVA plans. NVA does have some older plans and very large clients that may have a different fee schedule. Please consider these as exceptions as they are not standard to the NVA program.
