With Bi-Gradient		\$401	\$442	

OTHER ENHANCEMENT CODES

Don't forget to use these enhancement codes when applicable

LEC	VSP Product Index Description	Signature Copay	Choice Copay	U&C	U&C
		Single Vision	Progressive	Single Vision	Progressive
RM (V2799)	Frames Stamped 61mm Eye Size or Greater - Plastic	\$10	\$12	\$11	\$14
SW (V2799)	Rimless Drill	\$30	\$30	\$30	\$30

For Choice patients, charge the listed copay or 80% of your U&C, whichever is lower. For Signature patients, charge the listed copay or your U&C, whichever is lower.

Please verify the listed co-pays against the Patient Record Report to ensure accurate calculations for the patient.

If the patient has a VSP Advantage plan, refer to the Advantage Lens Enhancement Chart to obtain co-pay amounts.

Eyefinity Ordering Guide: Polycarbonate

MATERIAL: Polycarbonate = Polycarbonate

Polycarbonate is not available in MauiGradient®, Blue Hawaii, MAUI Sunrise, or HAWAII LAVA™, or with acetate frames

Neutral Grey
Bi-Gradient

Maui Rose®
Bi-Gradient

LENS Maui Jim w/ Maui Jim AR - Polarized Gray C = Single Vision
OR
Maui Jim Passport 2.0 w/ Maui Jim AR - Polarized Gray = Progressive

MIRROR/SKI COAT Silver Double Gradient = Bi-Gradient Mirror

LENS Maui Jim w/ Maui Jim AR - Polarized Brown C = Single Vision**
OR
Maui Jim Passport 2.0 w/ Maui Jim AR - Polarized Brown C = Progressive**

MIRROR/SKI COAT Silver Double Gradient = Bi-Gradient Mirror

**VSP does not have a Rose Polarized offering in Eyefinity, so it has to be ordered as "Polarized Brown" with "Silver Mirror/Ski Coat." The order will transmit to the Maui Jim lab as a Rose lens.

HCL® Bronze

LENS Maui Jim w/ Maui Jim AR - Polarized Green = Single Vision
OR
Maui Jim Passport 2.0 w/ Maui Jim AR - Polarized Green = Progressive

MIRROR/SKI COAT Silver Double Gradient = Bi-Gradient Mirror

FRAME SUPPLIER SELECTIONS:

Lab Supplied

- Complete new order (frame and lenses), billed from Maui Jim to VSP.
- Account will be billed by VSP for the frame.

Doctor Supplied

- Patient is using frame benefit.
- ECP customer is sending frame from their in-office inventory to Maui Jim, **OR**
- ECP customer is purchasing frame from Maui Jim at time of submitted order instead of sending frame from ECP in-office inventory.

*NOTE - The ECP customer MUST check the **Lab Special Instructions** box and write in, 'Maui Jim Supply Frame'.*

This will que Maui Jim to supply the frame and bill the ECP customer at wholesale Rx frame price for this order.

This process will not delay the processing of the patient's order.

If the account wants to purchase the frame from Maui Jim at the time of submitting the order instead of mailing a frame, they can check the **Lab Special Instructions box and write, "Maui Jim Supply Frame." Maui Jim will then bill the account for the wholesale Rx frame price and supply the frame for the order.

Patient Supplied-To Come

- Patient is not using VSP frame benefit.
- Patient's own frame is being sent to Maui Jim from ECP customer, **OR**
- ECP customer is purchasing frame from Maui Jim at time of submitted order.

*NOTE - The ECP customer MUST check the **Lab Special Instructions** box and write in, 'Maui Jim Supply Frame'.*

This will que Maui Jim to supply the frame and bill the ECP customer at wholesale Rx frame price for this order.

This process will not delay the processing of the patient's order.

HELPFUL TIPS:

- Do not change the wholesale frame cost that populates in eClaim (or eLab). These have been provided by Maui Jim to ensure accurate billing and claim payment by VSP.
- Use the Maui Jim Rx Reference Guide to verify the frame parameters. Eyefinity will allow out-of-range orders to submit to the Maui Jim lab, but will not be processed.
- The quickest way to search for the frame is by frame name or sku number (ie: Ho'okipa or 407-02).
- The frame for Maui Jim sun prescription orders must begin with "**mjr**" in the color description.
- When ordering, there is no need to select an A/R coating separately as it is automatically included with all Maui Jim lenses.
- There is no need to enter "proprietary" into Box 19 Special Instructions, and doing so will cause your order to not process correctly.
