

Amniotic Membrane

Order Guide

TeamVision is excited to announce that we now have two preferred partners to support Amniotic Membranes.

We believe the products from these two preferred partners will meet all of your patient care needs. We are asking all clinics and doctors to stay within this portfolio of products. Purchase of Amniotic Membranes from any other vendor will require alignment from TV Operations (TVOps@teamvisionteam.com).

ProKera

Order Process

- Three ways of ordering:
 - Email: ocular@biotissue.com
 - Phone (Customer Service): 888-296-8858
 - Order through Rep
- Please include the following information:
 - Account Number
 - Product SKU
 - **PKS**: Prokera Slim
 - **PKCL**: Prokera Clear
 - Quantity
 - Best practice is to order more than one at a time to save on shipping charges.
- Ships FedEx Priority Overnight Next Business Day by 10:30am

Additional Information

- Price is \$849 per membrane
 - You will not receive an invoice, it will be submitted directly to TeamVision
- Sizes: Order by thickness
 - Most common is ProKera Slim
- Shelf life: 2 years from the manufacturer date
- Storage: Freeze
 - If site does not have a freezer, BioTissue will provide one at no charge

For brochures, additional product information, and YouTube videos, please visit www.biotissue.com

New Account Set Up Requests

Interested in Amniotic Membranes but have never used them before, here's how to get started...

Request new account setup – send an email to
Elsa Martinez – Emartinez@luxotticaretail.com and Patricia McWilliams – PMcWilliams@luxotticaretail.com

Once the account is setup, the local sales rep will contact your site to set up trainings for the doctor and team
(how to order/bill, etc.)

We will work with you and your clinic lead-doctor to align on pricing and add to Ciao! Optical.

You are now ready to place an order!
